Karthiyayini R

An Computer Engineer

About Me

I'm a dedicated student passionate about learning and self improvement. While I do not have professional experience yet, I am eager to develop my skills and apply my knowledge effectively. I have a keen interest in coding, problem-solving, and animating, and I enjoy exploring new technologies and creative solutions. I have studied Python, C, C++, Java, and Linux Shell Programming in school and college, and I am continuously working on enhancing my programming skills.

Education

LRG Government Arts and Science College for Women -B.Sc Computer Science

Skills

- c
- python
- linux shell programming
- java
- c++
- java script

Projects

- Personal portfolio
